Pollution Liability Reinsurance	3.6		847	847
Total Proposed Budget	7.1		1,978	1,978

PERFORMANCE LEVEL CHANGE DESCRIPTIONS**Oil Heat Education and Outreach**

An estimated 63,000 heating oil tanks will be registered in the agency's Heating Oil Tank Liability Insurance Program during the 2005-07 Biennium. The agency's current expenditure authority is insufficient to cover the cost of producing and mailing materials designed to educate owners on how to prevent tank leaks. One-time funding will be used to produce, print, and mail preventive maintenance educational brochures to tank owners. (Heating Oil Pollution Liability Trust-Non-Appropriated)

ACTIVITY DESCRIPTIONS**Heating Oil Tank Liability Insurance**

The Heating Oil Pollution Liability Insurance Program provides pollution liability coverage and technical assistance to owners of heating oil tanks. There is no direct cost to owners for the pollution liability insurance. The program is funded by fees paid by heating oil dealers, as well as special taxes on petroleum products. (Pollution Liability Insurance Program Trust Account-State; Heating Oil Pollution Liability Trust Account-Nonappropriated)

Pollution Liability Reinsurance

The Washington Pollution Liability Insurance Program makes pollution liability insurance available and affordable to the owners and operators of regulated petroleum underground storage tanks by serving as the reinsurer of private-sector insurance policies. Availability of reinsurance allows tank owners and operators to comply with the financial responsibility regulations of the federal Environmental Protection Agency and the Washington State Department of Ecology. This program is funded entirely by special taxes on petroleum products. (Pollution Liability Insurance Program Trust Account-State)
